A small donation can make a big difference.

Grants from *eu can aid!* – about 5,000€ - bring immediate and visible benefits to families and communities.

They help people get better access to clean water, sanitation, school equipment and solar power, equipment for computer labs, farming, fish ponds or livestock rearing, as well as seed money for small business ventures.

eu can aid!'s funding in developing countries give people hope and empower them to take control of their own lives for a better future.

Please give what you can. Together we can make a difference.
