

17 October: International Day for the Eradication of Poverty

Now more than ever, EU staff need to act as a role model and show solidarity: a message with the support of the first Vice-President Frans Timmermans

At a time when it is increasingly important to build bridges instead of walls, more than ever, is the time for all of us to rally behind positive and solidarity-based action on behalf of and in collaboration with people who are less fortunate than us. This is expressed by the registered associations of EU Staff dedicated to addressing the challenges of poverty and social exclusion, in the EU for "Give Eur-Hope" and, in the developing countries for "eu can aid!".

The solidarity initiatives they are taking and the micro-projects they fund, exclusively with EU staff donations, help the poorest in a multitude of ways: to develop income-generating activities, provide them with access to decent housing and water, schooling training and help them participate in civic life.

Join us today and act with us: By donating as little as 10 € a month you'll show what the EU Staff generosity can achieve.

We give thousands of poor people in developing countries a **way out of poverty** by supporting micro-projects and integrated programs that produce immediate results and have long-lasting effects. We support small NGOs or local communities who do not have access to funding from major donors.

eu can aid! is run entirely on a voluntary basis, and funded through membership (mainly EU staff) fees and donations.

Give Eur-Hope is an association of EU staff members dedicated to the fight against **poverty and social exclusion** entirely on a voluntary basis, with funds raised through membership fees and donations from their colleagues and promotes the solidarity of EU staff with less privileged people in EU Member States.

Integrated program in Marumba Village, Tanzania

eu can aid! and Tanzania Development Trust (TDT) have worked with the local community to develop a three-year integrated program to support the 2700 inhabitants to help them reach self-sufficiency and a better quality of life. In the first year, urgent needs were addressed: solar power at the dispensary, construction of a classroom in the primary school, creation of a borehole and a water tank. Marumba village, one of the most vulnerable villages in district, is becoming a role model!

Gasharu village in RWANDA

eu can aid! partnered with FXB to implement a proven integrated program aimed at fighting extreme poverty and enabling 30 extremely poor families (about 200 direct beneficiaries) to achieve socio-economic autonomy within three years, by tackling all the drivers of poverty. After the first year, the results are excellent: family incomes have quadrupled thanks to microenterprises, they have access to health services, food self-sufficiency is achieved..

ROMANIA: Activities for disadvantaged children in rural areas

Vatra association aims to organise cultural and environmental activities for low-income families and orphaned or disabled children in a rural area. To promote the participation of 120 children per year, GIVE EUR-HOPE has purchased 10 bicycles and a trailer to transport them

BELGIUM : AU FIL DE L'ENFANCE –Des Racines pour Grandir

The project aims at inviting students of 5th and 6th primary school in several municipalities- with a large proportion of immigrants - to see them during some class sessions. It is a work of prevention in order to reduce violence, delinquency and radicalization for insecure populations. GIVE EUR-HOPE has contributed to the financing of a significant number of children's papers and of the interventions of trainers in the schools.
